

ARTICULATION AGREEMENT

University of Richmond, School of Professional & Continuing Studies
and John Tyler Community College

Purpose

This articulation agreement is designed to ensure that students who have matriculated at John Tyler Community College can easily transition into a bachelor's degree completion program at the University of Richmond, School of Professional & Continuing Studies. It is the intent of this agreement to ensure continuity from the community college program to the appropriate curriculum of study at the School of Professional & Continuing Studies, with maximum transferability of college credits.

Transfer Options and Requirements

Associate Degree Graduates - The School of Professional & Continuing Studies at the University of Richmond (SPCS) guarantees acceptance of any student from John Tyler Community College (JTCC) who has completed an Associate of Applied Arts, Associate of Arts, Associate of Science, or Associate of Applied Sciences degree, and who has achieved an overall Grade Point Average (GPA) of 2.0 out of a possible 4.0 GPA from all college work attempted. The SPCS has rolling admissions year-round; however, there are certain deadlines to meet for students applying for financial aid. This guarantee assumes that there are no other factors in a student's academic or personal record that might prevent acceptance to programs in the SPCS. Transfer students from JTCC will be required to complete any unfilled SPCS general education requirements. (Note: The GPA earned at JTCC does not transfer, only the academic credits. When calculating eligibility for General Honors at graduation, only academic grades earned in the SPCS program will be considered, in accordance with University policy.)

Transfer Courses from Other Institutions - Courses offered in transfer from other institutions will be evaluated for acceptance provided the work was taken at an institution accredited as degree-granting by a recognized regional accrediting body for higher education at the time the course work is completed. A grade or equivalent of C (2.0) or better must have been earned in each course accepted for transfer. Course work accepted in transfer from JTCC and other institutions shall be applied to specific degree requirements subject to the discretion of the School of Professional & Continuing Studies. Additionally, students with credits, in which a grade of C" or higher is obtained, from non-traditional educational institutions and curricula such as military experience, police and fire academies, will receive consideration for credit in courses that correspond to requirements of degree programs offered by the SPCS, as applicable. Guidelines of the American Council on Education will be followed in evaluating these courses. See www.acenet.edu **Once admitted to a program, transfer**

work will be accepted only with prior approval. No transfer work will be accepted during the final semester before graduation. CLEP exams are considered transfer credits. Up to 60 credits can be transferred into the bachelor's degree.

Pass/Fail Designation - The School of Professional & Continuing Studies generally does not accept credits earned with a Pass/No Pass designation.

Official Transcripts Required - No transfer credit shall be formally accepted or recorded until the University has received an *official* transcript directly from the records office of each institution that offered the course work. If course work is being transferred from more than one institution, a transcript must be received from each institution. (See the *University of Richmond, School of Professional & Continuing Studies Evening School Catalog* for more complete information.)

Test of English as a Foreign Language - Students whose native language is not English, or whose collegiate level or secondary level instruction was not English, must also earn a score of at least 500 on the paper-based or 213 on the computer-based Test of English as a Foreign Language (TOEFL) before admission to or enrollment in the University of Richmond, School of Professional & Continuing Studies. The University may require an additional evaluation for language proficiency through testing or individual interviews for students with TOEFL scores near the minimum score.
