

In the Event of an Emergency

Call 911, or call the appropriate security number below. Note: If you call 911, you must still report the incident to College Security Services. You may also contact Security Services by using one of the emergency call boxes located in each building on the Chester and Midlothian campuses.

College Security Information

If using a campus phone, dial 9 first to get an outside line. NOTE: If your call is not immediately answered, do not hang up. The security officer may be handling other calls or may be away from the desk. If he/she is away from the desk, your call will forward to the cell phone carried by the officer.

IN AN EMERGENCY - QUICK REFERENCE

Earthquakes

If an earthquake occurs, immediately take the following steps:

If you are indoors:

- Drop to the ground.
- Take cover by getting under a sturdy desk or table.
- Hold on until the shaking stops.

If you are outdoors: Move quickly away from buildings, utility poles and other structures.

If you are in an automobile: Stop in the safest place available, preferably away from power lines and trees, and stay in your vehicle for shelter.

After the earthquake stops, College personnel will examine JTCC's facilities to determine if evacuations are needed.

Lockdown

Certain emergency situations may require the College to go on lockdown. If a lockdown is issued, you must remain in your office or classroom and lock or barricade all doors and windows. You must remain in place until an all clear is given by the Incident Commander or authorized College personnel.

Fire

In the case of a fire, follow these steps as you evacuate the building:

- If it can be done safely, close all windows and internal doors.
- If you are in an area filled with smoke, drop to the floor, and keep your head no more than 8 – 12 inches off the floor.
- Before opening any door, feel it for heat. Do not open doors that are hot.
- Do not use elevators.

Bomb Threat or Suspicious Device/Package Found

If you find a suspicious device/package, do not attempt to pick up the device/package. Do NOT sound the fire alarm, use 2-way radios or use cell phones as they may trigger an explosive device. Evacuate the immediate area, and report the device to the nearest security officer. Should you receive a phoned-in bomb threat, try to get as much information as possible from the caller, and immediately report the call to Security Services.

Hazardous Spill

In the event of a hazardous or suspected hazardous spill, secure the area, notify College personnel and those who work nearby, and report the incident to Security Services.

Suspicious/Disruptive Person

If you have reason to believe that a person at a John Tyler facility may represent a potential danger to himself/herself or others or if you have concerns about a person or his/her behavior, please report your concerns to the Threat Assessment Team. An incident report may be found at www.jtcc.edu/tat. If the threat is immediate, call 911 or College security.

Active Shooter

If an active shooter is in your vicinity, quickly determine the most reasonable way to protect your life.

1. Evacuate the area if possible.
 - Have an escape route and plan in mind before attempting to evacuate.
 - Leave your belongings behind.
 - Keep your hands visible.
2. If it is too dangerous to leave the area, hide.
 - Do not remain in an open hallway or area.
 - Hide in an area out of the shooter's view.
 - Block entry to your hiding place by barricading and/or locking the doors.
 - Silence your cell phone and/or pager.
3. Take action as a last resort and only if your life is in imminent danger.
 - Attempt to incapacitate the shooter.
 - Act with physical aggression and throw items at the active shooter.

Call 911 when it is safe to do so.

Please note, the previous information cannot cover every possible situation that might occur.

Area Emergency Coordinators

Area Emergency Coordinators are available throughout the College to notify, direct and assist in the event of an emergency.
